

Maine B.A.S.S. Nation's Club Competition

Maine B.A.S.S. Nation is looking to provide another opportunity for clubs to showcase their ability to work together, the benefits to mentoring new members and the Nation to display annually our Best Bass Fishing Club. The goal is to increase participation at our annual events including the state fish off (our largest state team fund raiser), as well as to provide our member clubs an opportunity to compete and win prizes as a club.

The winning Club will be awarded all prizes and prize money obtained for the competition by the Nation or its sponsors.

Again, our goal is twofold, increase participation at the Nation opens and the Fish-Off and provide a friendly competition between clubs with the winner having the bragging rights for the following 12 months. It is our thought that this will be a win / win for all participating in the competition, should be a lot of fun and may be a catalyst for your club's growth throughout the year.

Qualifying Events:

SPECIAL OLYMPICS OPEN

FATHER'S DAY OPEN

TRAVIS MILLS OPEN

MAINE BASS NATION FISH OFF

Eligibility: One or both team members must be in good standing with the Maine Bass Nation and the club they are representing. During the registration of each event the team or individual must complete a written registration form identifying the club that is being represented prior to the start of the event.

Scoring: The top 8 representatives' weights from each club will be totaled at the end of each event. The club with the most weight at then end of the 4th and final event will be declared the winner.

Prizes: To get thing started, I would recommend that we take \$1.00 from each boat at all 4 events that would give the top club a prize until such time that the Nation is able to secure sponsors to increase the payout.
